IRIS and DAYLILIES

from

SINSET WEW IRIS GARDENS

(Formerly IRIS-FARM)

BERT A. DICKERSON, Prop.

160 E. Third St. - Constantine, Michigan

Member American Iris Society

BECEIVED * JUN 3 0 1949 U. S. Department of Agriculture

WELL, FOLKS

Here we are again, but just a little late. We were elected to the State Legislature last fall and it continued in session until this date. We were unable to secure help that could go along with the work so we were delayed in getting out this catalog and for the same reason were unable to send lists of Chrysanthemums of which we had many new varieties. However, we will fill all orders for Chrysanthemums we have on hand.

Next year you will find us in position to handle the

business as in the past.

While we have only issued catalogs the past three years, we have received orders from nearly every state. We have many customers who ordered from our first catalog and have continued each year since, sending us larger orders each time. This shows that they have been well pleased with the quality of plants and bulbs sent them.

We appreciate orders, large or small.

We have moved our Gardens to the South edge of Constantine at the intersection of White Pigeon and Washington Streets.

THE IRIS

is the Ideal Hardy Perennial

The growing of Iris becomes a habit that continues to grow and grow. You can hardly wait to see the new Iris in bloom.

Iris will grow in almost any soil. Requires little at-Will thrive in half sun and half shade. Plant from 18 to 24 inches apart, and cover with not more than one inch of dirt.

The best time to plant is from July 1st to September 15th. although they can be planted up to the time the ground freezes. In most instances bulbs planted this year will bloom next.

This year our Iris will all be first year roots which

are the best.

have the entire collection of 30 for \$8.00, each one labeled, and sent postpaid. Or we will send the 30, not labeled, for \$7.00.

Are you a member of the American Iris Society?

IF NOT

send us a \$20.00 order for Iris, not including collections, and we will give you absolutely free a year's membership in the American Iris Society—absolutely free.

Dues are \$3.50 per year for Membership Card and quarterly magazine giving information on a great many items of interest to Iris growers.

Mail check to us or direct to American Iris Society, 444 Chestnut St., Nashville 10, Tenn.

Hemerocallis or Daylilies

Are becoming more popular, due to the appearance of new colors. Unaffected by insects or diseases, they require no spraying or dusting. They can be planted in almost any kind of soil. Bloom largely during the months of June, July and August. They are easy to plant and to grow, growing stronger and more beautiful each year. Daylilies will do well even without care, something that cannot be said about any other flower.

PLEASE NOTE

As our stock on many varieties is low, we reserve the right to substitute. Our price is 40c per plant of any variety but if you let us make the choice we will give you 7 nice plants all different, labeled, for \$2.00 postpaid.

We ship from September 1st to October 1st.

AMARILLIS—Large golden yellow; darker in throat	t_40c

SWALLOW—Yellow with brown tips	
VENICE—Red and gold	_40c

Colors of Daylilies are very hard to describe. Different growers have different descriptions.

Please Read Before Ordering

SHIPPING INSTRUCTIONS

In ordering Iris or Daylilies, give second choice as stock is low in some varieties.
On all orders for less than \$2.50 add 15c to help pay postage and packing. All orders for \$2.50 or more, postage or express will be paid.

LOW PRICES

We are giving you the benefit of low prices as we are not under the expense of getting out an expensive catalog or doing any high price advertising.

TIME OF SHIPMENT

Iris will be shipped from July 1st to Sept. 15th. Daylilies from September 1st to October 1st.

All our plants are strong, vigorous field grown. They have been State-inspected, protecting against disease.

ORDER EARLY as stocks are low on some varieties. We reserve the right to substitute with equal or better quality plants unless advised not to do so.
